## LASH EXTENSION STYLES

### **Classic Set \$200 (90 mins)**

Our lash technicians apply 1 lash extension to 1 natural lash. We do not count lashes and will add as many or as few as you would like to create the right look for your face and style.

### **Volume Set \$300 (120 mins)**

Using several (2 to 8) very fine, almost weightless, micro-thin lashes per eyelash we create a very full, yet light and fluffy multi dimensional appearance. We can apply eyelash effects from natural looking to super glam.

### **Hybrid Set \$250 (105 mins)**

This is great for those who are having trouble deciding why choose when you can have the best of both worlds. Leave it to our lash technicians to use their expertise & create a blend of both Classic & Volume styles to best suit you.

**OUTSIDE SALON LASH FILLS Starting at \$100 (90 mins)**

We are very cautious with performing refills on clients with lash extensions applied by other salons/individuals. With the sudden surge of unqualified individuals attempting to do this service, we are seeing an increasing amount of damaged lashes and poor work. It would not be in the client's best interest to work on top of poor quality applications.

We kindly ask you to schedule this service and not a regular refill appointment in order to allow us enough time to assess your lashes and determine whether or not we can proceed with a refill with the existing lashes or require a complete lash removal then application.

The price starts at \$100 but won't exceed the cost of a Full Set.

The price of the service will vary depending on how much work needs to be done.

**LASH REMOVAL & PATCH TEST \$30 (30 mins)**

Recommended for clients who are prone to allergies or sensitivities that may prevent them from getting lash extensions. We test 2 different grade adhesives at the corner of each eye as well as the tape and eye pads onto your arm. Allow 24 hours to see if there is any reaction.

This is a complimentary service. However, you will be required to store a credit card to hold a time slot.

Please do not attempt to remove your lash extensions yourself. You risk damaging your natural lashes. It is best to seek assistance from a professional lash technician. (If you are also scheduling a Full Set or Lash Lift, you will not be charged for the removal service)

### **LASH LIFT \$125 (30 mins)**

A lash lift is a great alternative to eyelash extensions or for clients with sensitivities. It is a low maintenance lash solution for clients as results last anywhere from 6-8 weeks. Using your own lashes, it is permed against a silicon pad to give it a natural looking "lift". This is perfect for those who have straight or downward facing natural lashes, giving your eyes and face an instant lift!

### **LASH TINT \$20 (15 mins)**

Eyelash tint is a form of hair dye developed for specific use on the eyelashes.

Eyelash tinting produces a similar effect to mascara. It visibly lengthens, darkens and thickens the appearance of natural eyelashes without smudging, clotting or rubbing off.

### **BROW SHAPING \$20 (15 mins)**

A brow wax is the quickest way to not only flatter but flaunt your favorite features. We will design a brow shape that brings balance and beauty to your face.

### **BROW SHAPING & TINT \$30 (30 mins)**

Adding a tint to your brow shaping instantly brings attention to your beautiful eyes and a more youthful look to your face. Thickens and defines brows. Even the slightest eyebrows will appear thicker!

### **BROW LAMINATION \$80 (45 mins)**

Brow lamination relaxes the brow hairs to give a full and fluffy look that lasts up to 8 weeks. This is perfect for those who have stubborn,
